A FINE LIVING EXPERIENCE FOR 26 FAMILIES

RERA Approved Layout

Right now, our day entails traffic snarls, billowing congestion, dust from construction sites and noise pollution. We spent a lot of time stuck in traffic, trying to get to work and back, or running errands-leaving us little or no time for family, friends or even ourselves.

We want to help you find a place where you can do everything you want. So we created the perfect living place for you and your family. Just few kilometers away from Bengaluru City.

Our gated community premium plotted development which is ready for building homes, ideally located in Harohalli. The layout comes with **26 premium plots** each having open spaces separating them to make room for a peaceful environment.

We'd like to invite you to a place with cleaner air, greener lands and all the peace you need.
